INTRODUCTION

Sabri Group of Companies - A name which stands today for one of the success stories is combine effort of three generations. It was established in 1960 and emerged as one of the biggest distribution & network in signage media & machines all over Pakistan.

Today, SGC is managing sophisticated portfolio of products in multiple industries. We are patronizing trust through providing high quality products to Pakistan's top corporate brass. The group is considered at par with multinational operating locally in terms of quality, products, services and management skills.

Sabri PVC Foam Board is also one of its ventures operating under the company name of Hasnain Plastics (Pvt.) Ltd. With in few years, it earned fair popularity and captured major share of the market. We are now more focused in developing multiple variants of PVC Foam board in order to facilitate clients with better home and office solutions. We manufacture water proof PVC Foam board in multiple finish smooth, textured, lamination, hot stamping & UV Coating.

With state of the art technologies we are able to provide PVC Foam board in a wide range of thickness and densities. This makes it an ideal choice of clients for multiple applications like wardrobes, kitchens & bathroom cabinets, washroom vanities, CNC Partitions, home & office furniture. It is also used in advertising industry for indoor and outdoor signage.

Our main forte is not only to serve our clients with premium quality products but also to facilitate them with innovative products that makes them feel a luxurious life style. With our continuous efforts and team of dedicated professionals we would continue our legacy of satisfying our customers with high standard durable products.

PVC BOARDS

PVC board is a human created substance which is light weighted, rigid, better in quality and more durable than its natural substitutes. PVC Foam board material is anti-corrosive, eco-friendly and nontoxic. It has versatile features and wide spectrum of commercial and non-commercial applications. The commercial usages commonly includes digital and UV printing, laminating, vinyl lettering & signage. It is also used for varied range of indoor and outdoor construction applications in home & office buildings like false ceiling, wall paneling, pool decking, shuttering, pre-fabricated houses, furniture, partitions, stylish kitchens, Bathroom doors and vanities etc. It would not be wrong to say that this invention has helped us alleviate the way we live, consume, build and grow.

PVC BOARDS FEATURES

- Water & Moisture Proof
- Termite & Pest Proof
- Fire Retardant
- Boiling Water Proof
- No Shrinking or Swelling
- Smooth Surface
- Maintenance Free
- Scrap Value
- Sawing & Cutting
- Screw & Nail Holding Capacity
- Anti Fungal
- Outdoor Adaptability
- Environment Friendly

BOARD APPLICATION

- Kitchen Cabinets
- Washroom Vanity
- Solid Door & Panels
- Home & Office Furniture
- Wall Paneling
- Ceiling
- Partitions
- Exterior Wall Cladding
- Pre Fabricated House
- Sign Boards
- Display Stands
- Direct UV Printing
- Shuttering

SABRI PVC BOARD SPECIFICATION

PRODUCT RANGE:

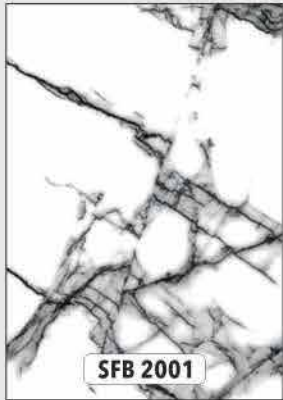

Length	2440 mm & Customized size	Density	0.48 - 0.70
Width	1220 mm	Finish	Plain, Texture, Hot Stamping, Lamination and UV Scratch Resistant.
Thickness	3 - 30 mm	Available	Mela White, White, Black, Grey, Red, Yellow, Blue, Green, Beige & Chocolate Brown

TOLERANCE:

Range (Based on Thickness)	Thickness	Length	Width	Rectangularity
= 12	Within ± 0.2mm	Within ± 3mm	Within + 3mm	Within + 5mm
= 12	Within ± 0.5mm			

PROPERTY	TEST METHOD	UNITS	VALUE
Density	DIN 53479	g/cm ³	0.50-0.70
Hardness	DIN 53505	Share 'D'	=42
Water Absorption	DIN 53495	%	=1.0
Tensile Strength	DIN 53455	Mpa	=15
Elongation at Break	DIN 53455	%	=15
Modulus of Elasticity	DIN 53457	Mpa	900-1500
Impact Strength Izod	DIN ASTM D 256	KJ/m ²	=9.0
Impact Strength Charpy	DIN 53253	KJ/m ²	=1.5
Flexural Strength	DIN 53452	Mpa	=32
Compressive Strength at 10% deformation	DIN 53421	Mpa	=6.5
Surface Resistivity	DIN ASTM D 257	Ω	=1x10 ¹²
Volume Resistivity	DIN ASTM D 257	Ωcm	=1x10 ¹³
Dielectric Constant at 1 MHZ	DIN ASTM D 150		1.56
Dielectric Strength	DIN 53481	KV / cm	=90
Vicat Softening Temperature	DIN 53460	°C	=73
Heat Deflection Temperature @ 1.8 MPA	DIN 53461	°C	58
Coefficient of Linear Expansion	DIN 53752	mm/m°C	0.08
Thermal Conductivity	DIN 52616	W/m k	0.05-0.7
